Partie 1: Widgets

AMENDEMENT 1: Extensions de widget

RECTIFICATIF TECHNIQUE 1

Technical Corrigendum 1 to ISO/IEC 23007-1:2010/Amd.1:2012 was prepared by Joint Technical Committee ISO/IEC JTC 1, *Information technology*, Subcommittee SC 29, *Coding of audio, picture, multimedia and hypermedia information*.

In 6.1, replace the following paragraph:

A widget manager can then request the migration of a widget from the target widget manager using the `getWidget` message. This message instructs the target widget manager to trigger the migration of the widget whose code is provided. The target widget manager then sends a `startWidget` message to the widget manager originating this message. The following error codes are defined:
