RECTIFICATIF TECHNIQUE 1

Technical Corrigendum 1 to ISO 22762-2:2005 was prepared by Technical Committee ISO/TC 45, *Rubber and rubber products*, Subcommittee SC 4, *Products (other than hoses)*.

Page 10, Subclause 6.3

Replace the last sentence "The limiting values shall be selected with the agreement of both the structural engineer and the manufacturer" by "The limiting values shall be as given in Annex C".

Page 17, Subclause 6.6.3, item b)

Replace "Other conditions can be used by agreement between the structural engineer and the manufacturer" by "Other conditions for NR and CR can be used by agreement between the structural engineer and the manufacturer".

Add a new sentence: "Test conditions for other elastomers shall be as recommended by the manufacturer and agreed by the structural engineer."
