**Subclause 12.16**

Delete note 1 and insert the following:

"1 The initial value of the access control attribute is assigned when the file is created. If the access control attribute is not supplied when the file is created, then it is a local responder matter to determine the value assigned."

**UDC 681.3.621.39**

**Ref. No. ISO 8571-2 : 1988/Cor.1 : 1991 (E)**

**Descriptors:** data processing, information interchange, network interconnection, open systems interconnection, files, communication procedure, management.
