COPYRIGHT RESERVED

The copyright of ISO Recommendations and ISO Standards belongs to ISO Member Bodies. Reproduction of these documents, in any country, may be authorized therefore only by the national standards organization of that country, being a member of ISO.

For each individual country the only valid standard is the national standard of that country.

Printed in Switzerland

Also issued in French and Russian. Copies to be obtained through the national standards organizations.

FOREWORD

ISO (the International Organization for Standardization) is a worldwide federation of national standards institutes (ISO Member Bodies). The work of developing International Standards is carried out through ISO Technical Committees. Every Member Body interested in a subject for which a Technical Committee has been set up has the right to be represented on that Committee. International organizations, governmental and non-governmental, in liaison with ISO, also take part in the work.

Draft International Standards adopted by the Technical Committees are circulated to the Member Bodies for approval before their acceptance as International Standards by the ISO Council.

Addendum 1 to ISO Recommendation R 355/V (originally Draft International Standard ISO/DIS 2279) was drawn up by Technical Committee ISO/TC 4, *Rolling bearings*.

It was approved in October 1971 by the Member Bodies of the following countries :

Australia	Hungary	South Africa, Rep. of
Austria	India	Spain
Belgium	Ireland	Sweden
Canada	Italy	Switzerland
Czechoslovakia	Japan	Thailand
Egypt, Arab Rep. of	Korea, Rep. of	Turkey
France	Netherlands	United Kingdom
Germany	Romania	

The Member Body of the following country expressed disapproval of the document on technical grounds :

U.S.A.

Addendum 1 – January 1973 – to ISO Recommendation R 355, Part V – 1969

PART V
 ROLLING BEARINGS
 TAPERED ROLLER BEARINGS
 BOUNDARY DIMENSIONS
 SUB-UNITS
 METRIC SERIES
