

Connector Accessories, Electrical, Strain Relief, Straight, Self locking and Non-self-locking, Category 4C
(For MIL-DTL-38999 Series I and II Connectors)

This amendment forms a part of AS85049/49B Dated 2009-08

1). Present Requirement: (Sheet 1)

The requirements for acquiring the product described herein shall consist of this specification sheet and the latest issue of SAE AS85049.

Change Requirements: (sheet 1)

NOTICE

The requirements for procuring the product described herein shall consist of this specification sheet and the latest issue of SAE AS85049.

Rationale for Change: Up-dated the procurement statement to comply with SAE guidelines.

2). Present Requirement: (All Sheets, Document Title)

Connector Accessories, Electrical, Strain Relief, Straight, Self locking and Non-self-locking, Category 4B (For MIL-DTL-38999 Series I and II Connectors)

Change Requirements: (sheet 1)

Connector Accessories, Electrical, Strain Relief, Straight, Self locking and Non-self-locking, Category 4C (For MIL-DTL-38999 Series I and II Connectors)

Rationale for Change: Changed category from 4B to 4C, category 4B was incorrect, product is light duty.

SAE Technical Standards Board Rules provide that: "This report is published by SAE to advance the state of technical and engineering sciences. The use of this report is entirely voluntary, and its applicability and suitability for any particular use, including any patent infringement arising therefrom, is the sole responsibility of the user."

SAE reviews each technical report at least every five years at which time it may be reaffirmed, revised, or cancelled. SAE invites your written comments and suggestions.
