Nomenclature—Forwarder

1. **Scope**—This SAE Recommended Practice identifies major components and parts peculiar to forwarders. Illustrations used here are not intended to include all existing machines or to be exactly descriptive of any particular machine. They have been provided to illustrate the principles to be used in applying this document.
 - 1.1 **Purpose**—The purpose of this document is to provide standardization of terms for major components of forwarders.
 - 1.2 **Rationale**—This document has been reaffirmed to comply with the SAE 5-Year Review policy.
2. **References**
 - 2.1 **Related Publication**—The following publication is provided for information purposes only and is not a required part of this document.
 - 2.1.1 SAE PUBLICATION—Available from SAE, 400 Commonwealth Drive, Warrendale, PA 15096-0001, Tel: 877-606-7323 (inside USA and Canada) or 724-776-4970 (outside USA), www.sae.org.

SAE J1209—Identification Terminology of Mobile Forestry Machines
3. **Definitions**
 - 3.1 **Forwarder**—A self-propelled machine, usually self-loading, designed to transport trees or parts of trees by carrying them completely off the ground.

Two particular types of forwarders have been identified:
 - 3.1.1 SHORTWOOD (FIGURE 1)—This machine usually employs a fixed bunk designed to carry parts of trees, shortwood, or log lengths.
 - 3.1.2 WHOLE TREE/TOTAL TREE/TREE LENGTH (FIGURE 2)—This machine usually employs a pivoting bunk designed to handle whole tree, total tree, or tree lengths such that the whole load can be dumped at one time.

SAE Technical Standards Board Rules provide that: "This report is published by SAE to advance the state of technical and engineering sciences. The use of this report is entirely voluntary, and its applicability and suitability for any particular use, including any patent infringement arising therefrom, is the sole responsibility of the user."

SAE reviews each technical report at least every five years at which time it may be reaffirmed, revised, or cancelled. SAE invites your written comments and suggestions.
