

SURFACE VEHICLE RECOMMENDED PRACTICE	J753™	JAN2025
	Issued 1958-12 Reaffirmed 2011-10 Stabilized 2025-01	
Superseding J753 OCT2011		
Maintenance Interval Chart		

RATIONALE

The technical document contents are stable and covers technology, products, or processes which are mature and not likely to change in the foreseeable future.

STABILIZED NOTICE

This document has been declared "STABILIZED" by SAE Machine Technical Steering Committee and will no longer be subjected to periodic reviews for currency. Users are responsible for verifying references and continued suitability of technical requirements. Newer technology may exist.

SAE Executive Standards Committee Rules provide that: "This report is published by SAE to advance the state of technical and engineering sciences. The use of this report is entirely voluntary, and its applicability and suitability for any particular use, including any patent infringement arising therefrom, is the sole responsibility of the user."

SAE reviews each technical report at least every five years at which time it may be revised, reaffirmed, stabilized, or cancelled. SAE invites your written comments and suggestions.

1. **Scope**—Instructions on this chart are intended to be used as a ready reference by personnel responsible for servicing off-road self-propelled work machines described in SAE J1116, categories 1, 2, 3, and 4. Detailed maintenance and service guidelines are reserved for maintenance, operator, and lubrication manuals as defined in SAE J920.

1.1 **Purpose**—This SAE Recommended Practice is a guideline for constructing a permanently mounted maintenance chart that can be attached to a machine, and recommends maintenance intervals for off-road machinery.

1.2 **Rationale**—This document has been reaffirmed to comply with the SAE 5-Year Review policy.

2. **References**

2.1 **Applicable Publications**—The following publications form a part of this specification to the extent specified herein. The latest issue of SAE publications shall apply.

2.1.1 SAE PUBLICATIONS—Available from SAE, 400 Commonwealth Drive, Warrendale, PA 15096-0001, Tel: 877-606-7323 (inside USA and Canada) or 724-776-4970 (outside USA), www.sae.org.

SAE J754a—Lubricant Types—Construction and Industrial Machinery

SAE J920 SEP95—Technical Publications for Off-Road Work Machines

SAE J1116 JUN86—Categories of Off-Road Self-Propelled Work Machines

2.2 **Related Publications**—The following publications are provided for information purposes only and are not a required part of this document.

2.2.1 SAE PUBLICATIONS—Available from SAE, 400 Commonwealth Drive, Warrendale, PA 15096-0001, Tel: 877-606-7323 (inside USA and Canada) or 724-776-4970 (outside USA), www.sae.org.

SAE J115—Safety Signs

SAE J817a—Engineering Design Serviceability Guidelines—Construction and Industrial Machinery
