UL Standard for Safety for Elevator Door Locking Devices and Door or Gate Closed Detection Means, UL 104

Twelfth Edition, Dated November 30, 2023

Summary of Topics

This new Twelfth Edition of ANSI/UL 104, Standard for Elevator Door Locking Devices and Door or Gate Closed Detection Means, dated November 30, 2023 is being issued as first time UL/CSA bi-national standard.

The requirements are substantially in accordance with Proposal(s) on this subject dated June 23, 2023.

All rights reserved. No part of this publication may be reproduced, stored in a retrieval system, or transmitted in any form by any means, electronic, mechanical photocopying, recording, or otherwise without prior permission of ULSE Inc. (ULSE).

ULSE provides this Standard "as is" without warranty of any kind, either expressed or implied, including but not limited to, the implied warranties of merchantability or fitness for any purpose.

In no event will ULSE be liable for any special, incidental, consequential, indirect or similar damages, including loss of profits, lost savings, loss of data, or any other damages arising out of the use of or the inability to use this Standard, even if ULSE or an authorized ULSE representative has been advised of the possibility of such damage. In no event shall ULSE's liability for any damage ever exceed the price paid for this Standard, regardless of the form of the claim.

Users of the electronic versions of UL's Standards for Safety agree to defend, indemnify, and hold ULSE harmless from and against any loss, expense, liability, damage, claim, or judgment (including reasonable attorney's fees) resulting from any error or deviation introduced while purchaser is storing an electronic Standard on the purchaser's computer system.
