UL Standard for Safety for Tests for Flammability of Plastic Materials for Parts in Devices and Appliances, UL 94

Seventh Edition, Dated February 28, 2023

Summary of Topics

This revision of ANSI/UL 94 dated January 5, 2024 includes the correct terminology regarding radiant panel index; [1.6](#), [10.1.1](#), [10.1.2](#), and [Table 10.1](#).

Text that has been changed in any manner or impacted by ULSE's electronic publishing system is marked with a vertical line in the margin.

The revised requirements are substantially in accordance with Proposal(s) on this subject dated December 1, 2023.

All rights reserved. No part of this publication may be reproduced, stored in a retrieval system, or transmitted in any form by any means, electronic, mechanical photocopying, recording, or otherwise without prior permission of ULSE Inc. (ULSE).

ULSE provides this Standard "as is" without warranty of any kind, either expressed or implied, including but not limited to, the implied warranties of merchantability or fitness for any purpose.

In no event will ULSE be liable for any special, incidental, consequential, indirect or similar damages, including loss of profits, lost savings, loss of data, or any other damages arising out of the use of or the inability to use this Standard, even if ULSE or an authorized ULSE representative has been advised of the possibility of such damage. In no event shall ULSE's liability for any damage ever exceed the price paid for this Standard, regardless of the form of the claim.

Users of the electronic versions of UL's Standards for Safety agree to defend, indemnify, and hold ULSE harmless from and against any loss, expense, liability, damage, claim, or judgment (including reasonable attorney's fees) resulting from any error or deviation introduced while purchaser is storing an electronic Standard on the purchaser's computer system.

ANSI/UL 94-2024

1

UL 94

Standard for Tests for Flammability of Plastic Materials for Parts in Devices and Appliances

First Edition – September, 1972
Second Edition – September, 1973
Third Edition – January, 1980
Fourth Edition – June, 1991
Fifth Edition – October, 1996
Sixth Edition – March, 2013

Seventh Edition

February 28, 2023

This ANSI/UL Standard for Safety consists of the Seventh Edition including revisions through January 5, 2024.

The most recent designation of ANSI/UL 94 as an American National Standard (ANSI) occurred on January 5, 2024. ANSI approval for a standard does not include the Cover Page, Transmittal Pages, and Title Page. Any other portions of this ANSI/UL standard that were not processed in accordance with ANSI/UL requirements are noted at the beginning of the impacted sections.

Comments or proposals for revisions on any part of the Standard may be submitted to ULSE at any time. Proposals should be submitted via a Proposal Request in the Collaborative Standards Development System (CSDS) at <https://csds.ul.com>.

Our Standards for Safety are copyrighted by ULSE Inc. Neither a printed nor electronic copy of a Standard should be altered in any way. All of our Standards and all copyrights, ownerships, and rights regarding those Standards shall remain the sole and exclusive property of ULSE Inc.
